

Strategic Plan – Group #6: Database of Funding Sources for Nurse Scientists to Access for PHN Research May, 2016

Organization name	Web link	Geographic area	Brief description of organization	Types of programs it funds (research? Interventions?)	Examples of PHN research grants that it has funded
Non-Government Funding					
American Nurses Foundation (ANF)	http://anfonline.org/Main/Programs	National	Dedicated to transforming the nation's health through the power of nursing Philanthropic organization with a mission to improve healthcare and support the 3.4 million nurses across the United States.	Programs funded include: <ul style="list-style-type: none"> • Nurses on Boards • PTSD Toolkit • ANA Leadership Institute • Healthy Nurse • Shift Work • Nursing Research Grants • Scholarships • Washington Policy Fellowship 	<ul style="list-style-type: none"> • Taking a stand to prevent abuse and neglect in nursing homes • Determinants of health for rural caregivers
Sigma Theta Tau	http://www.nursingsociety.org/advance-elevate/research/research-grants	Global	Nursing honors society whose mission is to advance world health and celebrate nursing excellence in scholarship, leadership, and service.	Nursing research through grants, scholarships, and monetary awards.	<ul style="list-style-type: none"> • African Immigrants' Perceptions and Attitudes Toward Cardiovascular Health • Investigating Parenting Stress and Neurodevelopmental Outcomes in Infants with Congenital Heart Defects During their First Year of Life • Discussing HIV Testing with Sex Partners: A Missing Link in HIV Prevention for African American Women. • Transgender Individuals and Osteoporosis Prevention. • Effect of Comprehensive Fall Prevention Program on Gait, Balance, and Falls of Community Dwelling Elders

Strategic Plan – Group #6: Database of Funding Sources for Nurse Scientists to Access for PHN Research May, 2016

Organization name	Web link	Geographic area	Brief description of organization	Types of programs it funds (research? Interventions?)	Examples of PHN research grants that it has funded
Robert Wood Johnson Foundation	http://www.rwjf.org	National	The Robert Wood Johnson Foundation is the nation’s largest philanthropy dedicated solely to health.	Research Funding Focus areas: <ul style="list-style-type: none"> • Child and Family Well-Being • Health Coverage • Health Leadership and Workforce • Health System Improvement • Healthy Communities • Healthy Weight 	<ul style="list-style-type: none"> • Developing and implementing the framework for comprehensive foundational public health services in Washington state (Awarded: \$250,000) • Growing the online network to prevent adverse childhood experiences through building community resilience, 2016-2019 (Awarded: \$2,999,924) • Establishing a Collaborating Research Center at Indiana University to improve population health through integrated services and advanced analytics (Awarded: \$998,500) • Supporting a Global to Local convening on the use global health strategies to address local health needs and disparities in the United States (Awarded: \$194,535) • Identifying and determining the cost of the core and foundational services necessary to advance the practice of public health in Ohio (Awarded: \$244,880) • Examining links between tribal food policies and community health, with a focus on prevention of childhood obesity and promotion of healthy eating (Awarded: \$189,983) <p>Many more examples related to PHN are listed on their website.</p>

Strategic Plan – Group #6: Database of Funding Sources for Nurse Scientists to Access for PHN Research May, 2016

Organization name	Web link	Geographic area	Brief description of organization	Types of programs it funds (research? Interventions?)	Examples of PHN research grants that it has funded
Southern Nursing Research Society	http://www.snrs.org/research-grants-funding-program	Southern Region of US. Includes: Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, North Carolina, South Carolina, Tennessee, Texas, Virginia, and West Virginia. Also includes the Caribbean, Latin America and the Bahamas.	Independent organization for nursing researchers in the southern region.	Research grants and doctoral dissertation awards.	<ul style="list-style-type: none"> • Dissertation Grant Award: Differentiating Physical Discipline from Abuse: A Comparison of Chinese American Mothers and Mandated Nurse Reporters of Abuse • SNRS Research Grant Award: Interaction between Infants with Neonatal Abstinence Syndrome and Their Mothers • SNRS/ANF Scholars: An Inquiry into Parents' Experiences of Caring for Young Children's Severe Food Allergies
Midwest Nursing Research Society	https://www.mnrs.org/	13-state Midwest Region	The Midwest Nursing Research Society (MNRS) is a regional nursing organization that promotes disseminates, and uses nursing research and encourages, supports, and connects the next generation of nurse scientists.	Funding of research grants, dissertation awards and scholarships	<ul style="list-style-type: none"> • Physical Activity and Cognitive Change in Older Latinos • Management in HIV+ Women • Facilitating Self-transcendence: A Transcendence-Based Intervention to Enhance Well-being in Late Life •

Strategic Plan – Group #6: Database of Funding Sources for Nurse Scientists to Access for PHN Research May, 2016

Organization name	Web link	Geographic area	Brief description of organization	Types of programs it funds (research? Interventions?)	Examples of PHN research grants that it has funded
Western Institute of Nursing	http://winursing.org/	13-state Western Region	The Western Institute of Nursing is a regional nursing organization that exists to bring together a diverse community of nurses in a shared commitment to advance nursing science, education, and practice to improve health outcomes.	Sponsors conferences that provide forums for the exchange of scholarship and research	n/a
Eastern Nursing Research Society	http://www.enrs-go.org/	Eastern Region of the US, including: Connecticut, Delaware, Maine, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Vermont and Washington, D.C.	Regional nursing organization. Research arm of the Mid-Atlantic Regional Nursing Association (MARNA) and the New England Organization for Nursing (NEON).	Sponsorship of nursing research grants and awards and conferences.	<ul style="list-style-type: none"> • Exploration of parenting challenges with young children during military deployment.
The Hartford Institute for Geriatric Nursing	https://hign.org/	National	The Hartford Institute for Geriatric Nursing is the geriatric arm of the NYU College of Nursing	Conducts research in these areas: <ul style="list-style-type: none"> • Geriatric Models of Care • Community-Based Care • Palliative Care • Health Service Research Also created and maintains the ConsultGeri, which is a clinical	Has received grants for the following research areas. No mention of awarding grants for research at other institutions. <ul style="list-style-type: none"> • Geriatrics Workforce Enhancement Program (GWEP) (HRSA) • Nurse Education, Practice, Quality and Retention grant- NEPQR (HRSA grant)

Strategic Plan – Group #6: Database of Funding Sources for Nurse Scientists to Access for PHN Research May, 2016

Organization name	Web link	Geographic area	Brief description of organization	Types of programs it funds (research? Interventions?)	Examples of PHN research grants that it has funded
Kaiser Permanente	http://share.kaiserpermanente.org/article/grants-overview/	National in Kaiser Permanente service areas served by 8 regional offices: Northern California Southern California Colorado Georgia Hawaii Mid-Atlantic Northwest	Health Insurance Company	resource for geriatric care information. Funds variety of grants for charitable and community-based organizations. Funding priority areas are: <ul style="list-style-type: none"> • Community Health Initiatives • Safety Net Partnerships • Care for Low-Income People • Developing and Disseminating Knowledge There are limited national grants, but most grants are awarded through regional offices.	<ul style="list-style-type: none"> • Primary Care of Older Adults (PCOA) Program (HRSA grant) n/a
The Council for the Advancement of Nursing Science	http://www.nursingscience.org/	National	Open membership council of the American Academy of Nursing. Supports the development, conduct and utilization of nursing science	Funds research awards and the 15th Anniversary Council/Partners Nurse Scientist Research Grant	n/a
AARP	http://www.aarp.org/aarp-foundation/grants/	National	Non-profit organization for people 50 years and older.	Funds grants in the following focus areas: <ul style="list-style-type: none"> • Hunger • Income • Housing • Isolation 	n/a

Strategic Plan – Group #6: Database of Funding Sources for Nurse Scientists to Access for PHN Research May, 2016

Government Funding					
Organization name	Web link	Geographic area	Brief description of organization	Types of programs it funds (research? Interventions?)	Examples of PHN research grants that it has funded
AHRQ	http://gold.ahrq.gov/projects/research/	National	“The Agency for Healthcare Research and Quality's mission is to improve the quality, safety, efficiency, and effectiveness of health care for all Americans. Information from AHRQ's research helps people make more informed decisions and improve the quality of health care services. AHRQ was formerly known as the Agency for Health Care Policy and Research. “	Recent research, evaluation, and demonstration project funding priorities include: 1) delivery of health care in inner-city and rural area, 2) health care for priority populations including low income and minority groups; women; children; elderly; and individuals with special health care needs, disabilities, chronic or end of life care. Also funds career development and dissertation grants.	U01: “Preparing volunteer nurses for public health emergencies” R13: “Quality of public health nursing care: Prioritizing the research agenda”
HRSA	http://www.hrsa.gov/grants/index.html	National	Mission is to “improve health and achieve health equity through access to quality services, a skilled health workforce and innovative programs.” “Goals include: Goal 1: Improve Access to Quality Care and Services. Goal 2: Strengthen the Health Workforce. Goal 3: Build Healthy Communities. Goal 4: Improve Health Equity. Goal 5: Strengthen HRSA Program Management and Operations”	Funding types include: Loan repayment (e.g., faculty loan repayment) Scholarships (e.g., NURSE Corps) Loans (e.g., nursing student loans) Community interventions	“Santa Cruz County Healthy Start Program: An evidence-based, collaborative and culturally appropriate approach will used to improve perinatal outcomes among at least 500 women of reproductive age, their male partners and their children up to 24 months of age per year.”

Strategic Plan – Group #6: Database of Funding Sources for Nurse Scientists to Access for PHN Research May, 2016

Organization name	Web link	Geographic area	Brief description of organization	Types of programs it funds (research? Interventions?)	Examples of PHN research grants that it has funded
NIOSH	http://www.cdc.gov/niosh/about/default.html	National	Mission is to “develop new knowledge in the field of occupational safety and health and to transfer that knowledge into practice.	Funding types include: Intra- and extramural research Cooperative agreements (surveillance and research with state health departments, universities, labor unions, non-profits) Training grants Conference grants	R18: “Translating Research to Protect Health through Health Promotion, Prevention, and Preparedness”
SAMSA	http://www.samhsa.gov/grants	National	“SAMHSA Strategic Initiatives help provide treatment and services for people with mental and substance use disorders, support the families of people with mental and substance use disorders, build strong and supportive communities, prevent costly behavioral health problems, and promote better health for all Americans.”	Program and network grants Planning grants Training program grants	“Planning Grants for Certified Community Behavioral Health Clinics” “Screening, Brief Intervention, and Referral to Treatment (SBIRT) Health Professions Student Training “
NIH	http://www.nih.gov/grants-funding	National	<i>“The National Institutes of Health is made up of 27 different components called Institutes and Centers. Each has its own specific research agenda, often focusing on particular diseases or body systems. All but three of these components receive their funding directly from Congress, and administrate their own budgets.”</i>	<i>“NIH provides leadership and direction to programs designed to improve the health of the Nation by conducting and supporting research: in the causes, diagnosis, prevention, and cure of human diseases; in the processes of human growth and development; in the biological effects of environmental contaminants; in the understanding of mental, addictive and physical disorders; and</i>	<i>Specific to each institute or center</i>

Strategic Plan – Group #6: Database of Funding Sources for Nurse Scientists to Access for PHN Research May, 2016

				<i>in directing programs for the collection, dissemination, and exchange of information in medicine and health, including the development and support of medical libraries and the training of medical librarians and other health information specialists.”</i>	
Select NIH Institutes Relevant to PHN Research/Funding:					
Organization name	Web link	Geographic area	Brief description of organization	Types of programs it funds (research? Interventions?)	Examples of PHN research grants that it has funded
<i>NINR</i>	<i>https://www.ninr.nih.gov/researchandfunding#.VvQ-zulrLq4</i>	<i>National</i>	<i>“NINR supports clinical and basic research and research training on health and illness across the lifespan. The research focus encompasses health promotion and disease prevention, quality of life, health disparities, and end-of-life.”</i>	<i>Intra- and extramural research</i>	<i>R01: “A community-based implementation model for HIV prevention and testing in Malawi” R41: “Picture Me Fit: Engaging youth in community-based prevention”</i>
<i>NICHD</i>	<i>https://www.nichd.nih.gov/grants-funding/about/Pages/default.aspx</i>		<i>“The mission of the NICHD is to ensure that every person is born healthy and wanted, that women suffer no harmful effects from reproductive processes, and that all children have the chance to achieve their full potential for healthy and productive lives, free from disease or disability, and to ensure the health, productivity, independence, and well-being of all people through optimal rehabilitation.”</i>	<i>Funding types include: Grants (intra- and extramural research) Contracts Collaborative agreements SBIR (small business innovation research) STTR (Small business technology transfer) Focus areas: Maternal and child health Contraception, reproduction, and population research Medical rehabilitation research</i>	<i>R21: “SMS mobile technology to improve early childhood vaccine coverage in Guatemala” R01: “Community prevention of child maltreatment”</i>

Strategic Plan – Group #6: Database of Funding Sources for Nurse Scientists to Access for PHN Research May, 2016

Organization name	Web link	Geographic area	Brief description of organization	Types of programs it funds (research? Interventions?)	Examples of PHN research grants that it has funded
NIDA	https://www.drugabuse.gov/funding/funding-opportunities	National	<i>“NIDA serves a number of roles relevant to public health, including supporting health services and epidemiology research, educating the public and relevant stakeholders on the science of drug use and addiction, helping to inform science-based decision-making, and engaging in strategic partnerships to translate scientific advances into public health gains.”</i>	<i>Intra- and extramural research SBIR STTR</i>	<i>“Increasing HIV testing in urban emergency departments via mobile technology”</i>
NCI	http://www.cancer.gov/grants-training/grants	National	<i>“The National Cancer Institute conducts and supports research, training, health information dissemination, and other programs with respect to the cause, diagnosis, prevention, and treatment of cancer, rehabilitation from cancer, and the continuing care of cancer patients and the families of cancer patients.”</i>	<i>Intra- and extramural research Training and career development grants SBIR STTR</i>	<i>R15: “A geospatial investigation of breast cancer treatment” K01: “HPV and Cancer mHealth prevention education for HIV positive women pilot study “</i>
NIAAA	http://www.niaaa.nih.gov/grant-funding	National, also encourages international collaborative research	<i>“NIAAA supports and conducts research on the impact of alcohol use on human health and well-being.”</i>	<i>Intra- and extramural research Training and career development grants SBIR STTR Conference grants</i>	<i>none identified</i>
NIMHD	http://www.nimhd.nih.gov/funding.html	National	<i>“NIMHD envisions an America in which all populations will have an equal opportunity to live long, healthy, and productive lives. To accomplish this, NIMHD raises</i>	<i>Intra- and extramural research Training and career development grants SBIR STTR</i>	<i>R24: “Improving Hmong health through community based participatory research”</i>

Strategic Plan – Group #6: Database of Funding Sources for Nurse Scientists to Access for PHN Research May, 2016

Organization name	Web link	Geographic area	Brief description of organization	Types of programs it funds (research? Interventions?)	Examples of PHN research grants that it has funded
			<i>national awareness about the prevalence and impact of health disparities and disseminates effective individual-, community-, and population-level interventions to reduce and encourage elimination of health disparities.”</i>	<i>Conference grants</i>	
NLM	https://www.nlm.nih.gov/ep/Grants.html	National	<i>Applied research in biomedical informatics and bioinformatics, as well as informatics topics relevant to public health and disaster management.</i>	<i>Supports health services research and public health information programs through: Collaborative projects Databases Queries/Searches Outreach and Training Conference grants Extramural grants SBIR STTR</i>	<i>R01: “Validating triage for chemical mass casualty incidents - a first step”</i>
CDC	http://www.cdc.gov/grants/index.html Grant FOA’s on www.grants.gov	National	<i>Federal agency</i>	<i>Public health research and programs</i>	<i>Academic Prevention Research Centers; HIV/AIDS Prevention and Research</i>
USDA	www.grants.gov	National	<i>Government agency that oversees food agriculture, natural resources, rural development, and nutrition.</i>	<i>Nutrition programs Rural health and community development</i>	<i>Rural health and safety education Farmers market promotion program Supplemental Nutrition Assistance Program (SNAP)</i>
Veterans Administration	www.grants.gov	National	<i>Government agency overseeing health care and other benefits for military veterans and their families</i>	<i>Programs to enhance health care or quality of life for veterans and their families</i>	<i>Adaptive sports programs for disabled veterans and disabled members of the Armed Forces</i>

Strategic Plan – Group #6: Database of Funding Sources for Nurse Scientists to Access for PHN Research May, 2016

State /regional government (not all states offer grant opportunities)	Examples: California http://www.ca.gov/Grants.htm ! New York: https://www.health.ny.gov/funding/	Individual states	State agency, such as Department of Health	Examples of topics: <ul style="list-style-type: none"> Prevention of sexually transmitted infections Prevention of adolescent pregnancy Support programs for Alzheimers caregivers Healthy schools Healthy communities Nutrition 	<ul style="list-style-type: none"> HIV, STD, HCV Prevention and Related Services for Women with a Focus on Communities of Color Small rural hospital improvement program grants
Department of Defense					
<i>Disease-specific foundations</i>					
Organization name	Web link	Geographic area	Brief description of organization	Types of programs it funds (research? Interventions?)	Examples of PHN research grants that it has funded
Arthritis Foundation	http://www.arthritis.org/arthritiscure/funding-opportunities/	National	“Leading the fight for the arthritis community, the Arthritis Foundation helps conquer everyday battles through life-changing information and resources, access to optimal care, advancements in science and community connections.”	<ul style="list-style-type: none"> Basic science Clinical studies Population health surveillance and studies Systematic reviews/synthesis Points of care/decision making 	n/a
National Parkinson Foundation	http://www.parkinson.org/expercare-research/grants	National	“The National Parkinson Foundation’s grantmaking strategy focuses on supporting the world’s top Parkinson’s disease experts working to discover the best treatment and care options for people living with Parkinson’s.”	Studies “serving people with Parkinson’s disease, their families and communities, and healthcare professionals worldwide”	“Can Parkinson’s Disease be prevented?”

Strategic Plan – Group #6: Database of Funding Sources for Nurse Scientists to Access for PHN Research May, 2016

Organization name	Web link	Geographic area	Brief description of organization	Types of programs it funds (research? Interventions?)	Examples of PHN research grants that it has funded
March of Dimes Foundation	http://www.marchofdimes.org/research/research-grants.aspx#	National	"To prevent birth defects, premature birth and infant mortality"	"basic biological processes of development, genetics, clinical studies, studies of reproductive health, environmental toxicology, and studies in social and behavioral sciences that focus on factors contributing to adverse pregnancy outcomes, and on consequences of birth defects and prematurity."	Basil O'Connor Starter Scholar Research Award
American Liver Foundation	http://www.liverfoundation.org/about/research/	National	Mission "to facilitate, advocate and promote education, support and research for the prevention, treatment and cure of liver disease."	Researcher, Scholar and postdoctoral fellowship awards: "While applications on all liver-related research topics will be considered, the following are of very high interest: autoimmune hepatitis, biliary atresia, primary biliary cirrhosis, primary sclerosing cholangitis, transplantation, hepatitis."	n/a
American Cancer Society	http://www.cancer.org/research/applyforaresearchgrant/index	National	"The nation's largest private, not-for-profit source of funds for scientists studying cancer"	"The Extramural Grants department encourages applications for research projects that focus on the multifaceted relationship between nutrition and physical activity and cancer."	Prevention, Early Detection, and Survivorship research
American Parkinson Disease Association	http://www.apdaparkinson.org/research/what-we-fund/	National	"APDA's energy is focused on research, patient services, education and raising public awareness."	Programs for junior and senior investigators, postdoctoral fellows, centers for advanced research	"Mobile Health Technology (MHT) to Promote Physical Activity in Persons with PD"

Strategic Plan – Group #6: Database of Funding Sources for Nurse Scientists to Access for PHN Research May, 2016

Organization name	Web link	Geographic area	Brief description of organization	Types of programs it funds (research? Interventions?)	Examples of PHN research grants that it has funded
Susan G. Komen Breast Cancer Foundation	http://ww5.komen.org/ResearchGrants/ResearchGrants.html	National	"research that will identify and deliver the cures for breast cancer"	Research on "basic cancer cell biology, prevention, early detection and diagnosis, new treatments and improved quality of life."	n/a
American Diabetes Association	http://professional.diabetes.org/research-grants	National	Mission: "To prevent and cure diabetes and to improve the lives of all people affected by diabetes."	Training and research grants related to "basic, clinical, translational, epidemiological, behavioral, or health services research relevant to any diabetes type, diabetes-related disease state, or diabetes complication."	"Integrating Behavioral Care for Teens with Diabetes" "Comparative Effectiveness of Physicians versus Non-Physicians for the Delivery of Outpatient Diabetes Care: Implications for Access to Care under the Affordable Care Act"
National Multiple Sclerosis Society	http://www.nationalmssociety.org/For-Professionals/Researchers	National	Mission: "People affected by MS can live their best lives as we stop MS in its tracks, restore what has been lost and end MS forever."	"Grant funding, tools and information resources to support the brightest scientists and physicians exploring questions with the goal of stopping MS, restoring function, and ending MS forever. We offer a spectrum of funding opportunities and other resources to support MS investigators at virtually every stage of their careers."	"Evaluating nursing home and other long-term care in multiple sclerosis"
American Heart Association	http://professional.heart.org/ResearchPrograms/UCM_316889_Research.jsp	National	"Our mission is to build healthier lives, free of cardiovascular diseases and stroke."	"We fund research programs that support the development of beginning investigators and those that enrich existing bodies of knowledge – by identifying new ways to prevent, detect and treat cardiovascular disease and stroke."	Bridging health care and community: Reducing pediatric obesity through community referrals Community-academic partnership to promote cardiovascular health among underserved children and families Community-based Intervention under Nurse Guidance after Stroke (CINGS)
